

### **Orange Renewable Honored with Two Awards for Excellence at IWEF Conference 2017**

**20<sup>th</sup> October 2017, New Delhi** : Orange Renewable, a 100% subsidiary of AT Holdings Pte Ltd, Singapore has been awarded **Wind Energy Developer of the Year - Portfolio Performance (Gold category) and Wind Energy Developer of the Year (Silver Category)** at the India Wind Energy Forum Conference 2017.

Held annually, the IWEF Excellence awards aim to recognize and applaud the efforts of the leading performers and achievers of the Industry. Since its inception, it has celebrated the best performing companies and people for their achievement and contribution to the sector. An independent panel of recognized expert judges representing the industry determine the winners.

The award was received by **Sudhir Nunes, CEO Wind Business, Orange Renewable** in a ceremony attended by industry delegates and luminaries from across the country.

“It is a delightful moment for us to have received recognition in two leading categories. We thank IWEF for being a catalyst for development of a sustainable and competitive Wind Energy sector in India and providing a platform for engagement of Industry thought leaders. We are encouraged by this recognition and will continue to contribute to the growth of the Wind Energy sector in India.” said Sudhir Nunes.

Orange Renewable is a young renewable IPP with 758 MW operating capacity in key resource states of India 567 MW in wind projects and 191 MWdc in solar projects.
